

## CDC and CIA: A Close and Sick Relationship

by Alfred Lambremont Webre, Attorney at Law and Steve Green

VANCOUVER, BC - In a recent article entitled "[CDC Ran the Tuskegee Experiment for 15 Years, Any Connection To Operation Paperclip?](http://exopolitics.blogs.com/ebolagate/2014/08/cdc-ran-the-tuskegee-experiment-for-15-years-.html)" <http://exopolitics.blogs.com/ebolagate/2014/08/cdc-ran-the-tuskegee-experiment-for-15-years-.html> a question was raised about the CDC and its possible connection to OSS/CIA's importing Nazi scientists and doctors under Operation Paperclip.

"The timing of the CDC's establishment in 1946 soon after at the end of war and "distinguished scientists" filling its laboratories is significant because it coincides with the US Government's program Operation Paperclip, under the Office of Strategic Services (OSS - later the CIA).

From "Operation Nazification": <http://theartof12.blogspot.com/2014/02/hitler-in-argentina-operation-paperclip.html>

"After World War II, the U.S. military hired sixteen hundred former Nazi scientists and **doctors**, including some of Adolf Hitler's closest collaborators, including men responsible for **murder**, slavery, and **human experimentation**, including men convicted of war crimes, men acquitted of war crimes, and men who never stood trial. Some of the Nazis tried at Nuremberg had already been working for the U.S. in either Germany or the U.S. prior to the trials. Some were protected from their past by the U.S. government for years, as they lived and worked in Boston Harbor, Long Island, Maryland, Ohio, Texas, Alabama, and elsewhere [Georgia?] .... **Some trial transcripts were classified in their entirety to avoid exposing the pasts of important U.S. scientists. ....**

"The U.S. occupiers of Germany after World War II declared that all military research in Germany was to cease, as part of the process of denazification. Yet **[Nazi] research went on and expanded in secret, under U.S. authority**, both in Germany and in the United States, **as part of a process that it's possible to view as nazification of the United States.**

"The U.S. military shifted in numerous ways when former Nazis were put into prominent positions. It was Nazi rocket scientists who proposed placing nuclear bombs on rockets and began developing the intercontinental ballistic missile. It was Nazi engineers who had designed Hitler's bunker beneath Berlin, who now designed underground fortresses for the U.S. government in the Catoctin and Blue Ridge Mountains. Known Nazi liars were employed by the U.S. military to draft classified intelligence briefs falsely hyping the Soviet menace. **Nazi scientists developed U.S. chemical and biological weapons programs**, bringing over their knowledge of tabun and sarin, not to mention **thalidomide** — and ***their eagerness for human experimentation***, which the U.S. military and the newly created CIA readily engaged in on a major scale." [Emphasis added.]

The question assumes importance because of two stunningly racist actions of the CDC.

The first was the CDC's murder of black men in Alabama by making sure they were denied any treatment for syphilis (though a cure was available).

The second was the CDC's removing data that showed that the MMR vaccines do cause autism and have a 340% greater impact on little black boys while moving ahead with the vaccine, even strongly pushing it. [http://exopolitics.blogs.com/breaking\\_news/2014/08/endless-cdc-lies-to-push-the-mmr-vaccine.htm](http://exopolitics.blogs.com/breaking_news/2014/08/endless-cdc-lies-to-push-the-mmr-vaccine.htm)

The first CDC action was undeniably intentional and murderous. The second CDC action intentionally put all American children in harm's way but most especially very young black boys, with no idea how many children's lives have been ruined or children have died. It was out of both appalling programs that the question arose as to who is running things at the CDC that those things could have occurred. Those "things" are entirely antithetical to the public persona of the CDC as concerned about people and their safety.

Looking deeper, it's clear that the CDC omits to this day that IT ran the Tuskegee Experiment and way past the time when such horrors would have been obvious to any moral person but the CDC not only continued after ethical concerns were raised but reaffirmed the study in 1969 and sought support from local medical groups where it was being conducted so that the men would receive no treatment anywhere. In relation to the vaccines, the CDC has not called a halt to a dangerous vaccine but is lying about the data further.

<https://www.youtube.com/watch?v=THGbJnpywyw&feature=youtu.be>

Once one begins to look, the CDC has lying about many things related to vaccines.

- The CDC swine flu data, used to push an untested vaccine on the public was off by 80-98%, <http://articles.mercola.com/sites/articles/archive/2009/10/24/cbs-reveals-that-swine-flu-cases-seriously-overestimated.aspx#!> yet immediately after CBS exposed the real data and that there was no threat whatever, a national emergency was declared.
- The CDC pushed through pandemic laws after 9/11 and the anthrax killings (which came from Fort Detrick's USAMRIID bioweapons lab), which arrange for human experimentation, forced vaccines on the entire country, no testing of vaccines, no liability for any harm or deaths from the vaccines, and total plunder of the country. [http://exopolitics.blogs.com/breaking\\_news/2014/08/ebola-triggers-george-bushs-bizarre-pandemic-laws.html](http://exopolitics.blogs.com/breaking_news/2014/08/ebola-triggers-george-bushs-bizarre-pandemic-laws.html)
- Presently the CDC is lying that ebola kills 90% of those who contract it (which is a lie) and that there is no cure for ebola (also untrue - [http://www.naturalhealth365.com/natural\\_cures/ebola-virus-thomas-levy-1095.html](http://www.naturalhealth365.com/natural_cures/ebola-virus-thomas-levy-1095.html)), maximally hyping fear and the possibility of an ebola pandemic (as it falsely did with the swine flu "pandemic"). The CDC holds a patent which can't be done unless it invented it.
- The CDC, after terrorizing the public with lies about flu that could kill in vast numbers and lying about there being large numbers of cases of swine flu, announced that pregnant women should be first in line for the vaccine because swine flu was a threat to their unborn babies.

There was no evidence of that whatsoever and in fact, J. Anthony Morris, a vaccine scientist at the FDA tasked with studying the swine flu vaccine, stated that "findings indicated that certain substances in flu vaccine "could pose a serious threat of fetal damage to women who might become pregnant."

Dr. Morris also said the swine flu vaccine could cause serious allergic and neurological reactions; had a very low potency, and was completely unnecessary as the virus concerned was an ordinary pig virus, and not highly pathogenic, and had died out within two weeks of it's being detected in February, and had not been seen anywhere else. Dr. Morris said:

"There is no evidence that any influenza vaccine thus far developed is effective in preventing or mitigating any attack of influenza. The producers of these vaccines know that they are worthless, but they go on selling them, anyway." [http://www.whale.to/vaccines/morris\\_h.html](http://www.whale.to/vaccines/morris_h.html)

- Meanwhile the false fear the CDC created by lying about swine flu got millions to take swine flu vaccines. The CDC even told doctors to recommend the swine flu vaccine to their pregnant patients. The vaccine proved to be as damaging to fetuses as Dr. Morris had warned, causing a 700% increase in fetal deaths and miscarriages. [http://www.naturalnews.com/030657\\_vaccines\\_miscarriages.html](http://www.naturalnews.com/030657_vaccines_miscarriages.html) .
- The CDC does not tell the public that the swine flu vaccine that caused an extreme number of fetal deaths in 2009 was put inside the seasonal flu vaccine, perhaps because most of the public avoided the swine flu vaccine. The CDC also does not inform parents that the seasonal/swine flu vaccine contains mercury though parents are trying to avoid it as well.
- But the CDC does ceaselessly urge that abortifacient flu vaccine on the public, on nurses in hospitals, and even on children as young as 6 months, even stating that two flu shots are required for children 6 months

to 8 years. That's two exposures to mercury in **infants** and young children whose brains are still developing, with mercury is known to destroy neurons. Video:

<https://www.youtube.com/watch?v=IHqVDMr9ivo>

- The CDC also urges parents to choose a nasal spray vaccine their children 2 to 8 years old. <http://www.cdc.gov/flu/protect/children.htm> But the CDC does not say that "One of the primary dangers in the FluMist nasal spray is that it contains a live virus. The flu shot does not. The danger in injecting a live virus directly into your nasal passages is that it has direct and immediate contact with your brain. This can result in vaccination-induced meningitis, inflammation of the protective membranes of your brain and spinal cord, or encephalitis, inflammation of the brain itself. These types of inflammatory conditions can cause debilitating pain, seizures, loss of consciousness, coma, and even death." <http://healthscamsexposed.com/2013/11/is-flumist-really-a-safe-alternative-to-flu-shots/>
- CDC does not tell the public what Jim Turner reported FDA scientists who oversaw them as saying: that he DTaP vaccine "was the dirtiest substance ever put in the human body," and about vaccines in general, that "there's mercury and heavy metals in the vaccines we're not reporting to anyone." Video: [https://www.youtube.com/watch?v=SX AeUrG\\_nrY](https://www.youtube.com/watch?v=SX AeUrG_nrY)
- And the CDC does not tell the public that all of the vaccines are contaminated. <http://salem-news.com/articles/november292011/vaccines-contaminated-se.php>

The list could go on and on but the point is that the CDC is so far from acting in the best interest of children or the public that it seems as though the CDC were trying to kill fetuses and damage and sterilize American children.

Certainly all the vaccines the CDC mandates for children and tells parents are essential for their children's well-being have a strong negative correlation to health and survival.

In the US, the number of cases of autism in boys is 1 in 50.

The CDC is not actually a government agency but a corporation with obviously has no authority whatever over the public or any right to mandate anything to American children.

- **The Centers for Disease Control (CDC)** is a corporation headquartered in the STATE OF GEORGIA. The CDC IS NOT PART OF A LEGITIMATE GOVERNMENT. It is a private for-profit corporation that is chartered under the umbrella of the private for-profit UNITED STATES corporation with extremely close ties to the pharmaceutical companies. [See: [Our Government is a Company](#), the [Clearfield Doctrine](#) and [The Great American Adventure - Secrets of America by Judge Dale](#) ]

Who owns it? Who's on the board of directors?

Jon Rappoport who has been reporting in detail about the CDC coverup of the MMR autism data, speaks about the CDC and CIA: <http://jonrappoport.wordpress.com/2014/08/21/vaccine-autism-connection-us-congressman-stonewalled-by-the-cdc/>

"A US Congressman wants research data from a federal agency and they flat-out refuse.

"Nothing much is a stake here—only the health of the entire US population. Vaccines causing autism? And the CDC has the right to keep as many secrets as it wants to?"

"Did the CDC wake up one morning and decide it's the CIA? On what grounds is it refusing to release the data? National Security? ....

"My comment about the CDC thinking it's the CIA isn't entirely facetious. In 1987, I confirmed that, routinely, certain CDC employees are sent to Langley, Virginia, for CIA training, and return with top-secret classifications—meaning they can access data that are off-limits to the rest of the CDC and most of the federal government.

"Data confirming extensive and ongoing damage caused by vaccines might indeed rate as "classified, National Security," if by Security you mean "protecting vaccine manufacturers and their government allies."

The original question that arose because of the CDC running the Tuskegee Experiment and it hiding data in the MMR, more 300% more harmful to African American boys, was whether the CDC was filled originally with Nazi doctors and researchers brought over by the OSS/CIA. It seems more possible since the CDC has a steady relationship with the CIA, including around its studies and data.

But the CDC relationship to the CIA turns out to be special, indeed:

"The CIA has a sweet-heart relationship with the Center for Disease Control (CDC) which allows it to dictate what the CDC reports and even what data it supplies to researchers requesting it. That is, the **CDC keeps several different "books" on morbidity and mortality** to supply to different "consumers".

"In this way the CDC has helped the CIA and military cover-up incidents of Bio-warfare germs, released unintentionally or even intentionally, inside the US [and other countries as well].

The 1977 Congressional Hearing on MKULTRA revealed that the CIA was in the habit of keeping faked "cover files" to limit US liability and particularly liability of the Rothschilds and the **Rockefellers** who were giving the CIA its orders behind the scenes, free of "democratic constraints".

"But the **CIA** [Rothschild/**Rockefellers**] also had other agencies around the world cooking their books to cover up the illegal activities they were engaged in which included fomenting wars, preventing people from having water safe to drink [e.g. Iraq], preventing people from having access to food, medicines, **distributing vaccines with Bio-warfare germs such as HIV, infertility drugs, toxins like mercury, anti-human chorogonaditropin antibody inducers [prevent pregnancy], etc. for the purpose of genocide.** To cover up these many crimes against humanity around the world, meant that they had their agents, often CIA and MI6 officers, committing black ops to bribe and coerce officials throughout the world to cook their books.

"However, because they also wanted to know what was really the result of their genocidal policies, the **CIA usually kept the original databases "off the record"** at the CIA's headquarters at Langley as well as supplying them to the Fort Detrick US Army Chemical and BioWarfare Research Labs. That Lab as well as the CIA's own labs, **needed the original data to prove the effectiveness of their "interventions"**. [Emphasis added.] <http://hercolano2.blogspot.com/2012/07/pentagon-cia-cdc-depleted-uranium.html>

What other groups beside parents, might be interested "**morbidity and mortality**" data? The "Good Club" and not for safety reasons <http://www.financialsensearchive.com/editorials/engdahl/2010/0304.html>

"The idea of using vaccines to covertly reduce births in the Third World is also not new. Bill Gates' good friend, David **Rockefeller** and his Rockefeller Foundation were involved as early as 1972 in a major project together with WHO ....

"Gates' TED2010 speech on .... population reduction is consistent with a report that appeared in New York City's ethnic media, [Irish.Central.com](http://Irish.Central.com) in May 2009. According to the report, a secret meeting took place on May 5, 2009 at the home of Sir Paul Nurse, President of Rockefeller University, among some of the wealthiest people in America. Investment guru Warren Buffett who in 2006 decided to pool his \$30 billion Buffett Foundation into the Gates foundation [vaccines] to create the world's largest private foundation with some \$60 billions of tax-free dollars was present. Banker David **Rockefeller** was the host.

"The exclusive letter of invitation was signed by Gates, **Rockefeller** and Buffett. They decided to call themselves the "Good Club." Also present was media czar Ted Turner, billionaire founder of CNN who stated in a 1996 interview for the *Audubon* nature magazine, where he said that **a 95% reduction of world population to between 225-300 million would be "ideal."** In a 2008 interview at Philadelphia's Temple University, Turner fine-tuned the number to 2 billion, a cut of more than 70% from today's population. Even less elegantly than Gates, Turner stated, "**we have too many people.** ...."

Not far from the CDC is the The University of Georgia Research Foundation. They have filed (at least) two vaccine patents, both of which are for vaccines that sterilize, or to put it more politely, a "fertility impairing vaccine."

Report's Excerpt

“The vaccine is administered in a manner and an amount effective to cause the desired infertility in the mammalian subject. For example, to immunosterilize a dog or a cat, the vaccine is preferably administered in the form of a plurality of doses (typically about 1.0 mL for a dog, 0.5 mL for a cat), each dose containing zona pellucida glycoprotein, or an antigenic fragment thereof, in an amount of about 100 µg to about 2 mg, more preferably about 200 µg to about 400 µg.

An immunostimulant such as STDCM is typically present in a per dose amount of about 50 µg to about 5 mg, preferably in an amount of about 1 mg to about 3.5 mg, more preferably in an amount of about 2 mg to about 3 mg. The animal is given an initial dose, usually via intramuscular injection although subcutaneous injection can also be used.

The initial injection is followed by two or more booster injections at two to four week intervals, although the boosters can be administered from about 9 days to about twelve months following the previous vaccination. The body's immunological response to the vaccine at this dosing regimen appears to render the ovaries permanently inactive as a result of, for example, follicle disruption or destruction, as evidenced by immunocytochemical analysis and histological evaluation of the ovarian tissue of vaccinated subjects.

Sterility is permanent and irreversible. Immunosterilization of carnivores in accordance with the present method typically does not cause abnormal estrus cycles or other significant undesirable side effects in the vaccinated subjects."

## **HPV VACCINES CAUSE INFERTILITY**

"It has now been confirmed in a peer-reviewed and published Abstract appearing in the prestigious BRITISH MEDICAL JOURNAL that the HPV vaccine **can result in infertility and loss of menses, years AFTER you received the HPV vaccine.**

In this particular case, the 16 year old girl received the Gardasil HPV vaccine, and had her whole life ahead of her: <http://casereports.bmj.com/content/2012/bcr-2012-006879.abstract>

"A more recent peer reviewed and published study of 3 more teenage girls suffering extremely early onset menopause because of the Gardasil HPV vaccine was published on July 31,2013, confirming that both **Gardasil and Cervarix HPV vaccines have resulted in "Primary Ovarian Failure:"**  
<http://www.ncbi.nlm.nih.gov/pubmed/23902317>

### **Conclusion:**

The CDC is mandating sterilizing vaccines to American children. It clearly has close CIA ties which means the Rockefellers. The Rockefellers were half owners of IG Farben, the Nazi pharmaceutical and chemical giant that ran the concentration camps and performed hideous experiments on unwilling human beings. 1600 Nazi doctors, researchers, technicians and engineers were brought to the US at the end of WWII by the CIA under Operation Paperclip. The CDC was founded at just that time and filled with "distinguished scientists." Since that time, the CDC has been killing black men, created a fake pandemic, killed huge numbers of fetuses with the swine flu vaccine, destroyed the minds of American children with the MMR, mandated vaccines that are contaminated and are known to sterilize, pushed through a clearly fascist pandemic law, and **keeps more than one set of books on its data.**

**In keeping more than one set of books, and in mandating the vaccine schedule (up to 69 vaccines from birth to 18), the CDC could actually know how many children have been maimed and killed by vaccines and be running one of the world's largest forced human experiment in history.**

It certainly could be that the CDC began with Operation Paperclip Nazis scientists and doctors. It even seems likely since the CDC seems to be controlled by the CIA and the eugenicist Rockefellers. This connection makes the hideousness of the Tuskegee Experiment and the MMR vaccine and all the other horrific things the CDC has been doing, suddenly entirely logical.
