EAC Election Directory for Cancellation Notices

Introduction

Canceling Prior Registrations

This publication, which is only for use by election officials in their effort to maintain up-to-date voter registration lists, has come to be highly valued by election officials and enjoys widespread use. It provides a comprehensive list of state and local election office addresses for sending cancellation notices. When a new voter to your area reports that they were registered elsewhere, use this guide to find the correct address for notifying the appropriate registration official.

Be advised that this practice is not affected by the requirements of the National Voter Registration Act of 1993, which allows the removal of a registrant's name from the list of eligible voters, provided that this information is confirmed in writing by the registrant.

Dates are provided to indicate the last update received from each state for the listing of addresses. State election directors who wish to provide any updates or substantive changes to the information listed in this directory may contact VRCancellationContacts@eac.gov.

States request that all Address Cancellation Notices be sent to the following State/Local election offices
